

# GRADUATE ARCHITECT

Location: Urbane Office - Melville  
Department: Design Team

## Full time

Urbane Projects, established in 2005, is a premium luxury home design and construct builder, specialising in beautifully curated homes across Perth's River suburbs.

We are currently seeking a Graduate Architect to join our boutique business, offering a strong team environment working from a modern office, purposefully designed, and built, south of the river.

We provide a holistic approach to design and the Graduate Architect will gain valuable experience and mentorship working closely alongside our design team.

The ideal candidate will bring the following skills and attributes to this role:

- + A great all-rounder who is prepared to contribute to our team. No fence watchers – be prepared to be amongst the action and jump from one project to another.
- + You must have strong REVIT skills, modelling residential projects at concept and design stage whilst working closely with the design team.
- + Proficient in Photoshop and InDesign to produce professional client presentations.
- + Adobe Suite proficiency.
- + Good knowledge of Australian residential construction standards and residential construction methodology.
- + The ability to work across all stages of a project is essential.
- + A dedication to innovate design.
- + Attention to detail is key in this role.
- + Ability to work both independently and as part of our design team.

Excited about this opportunity?

Apply now by sending through your covering letter, resume and a portfolio of two (2) recently completed projects marked to the attention of the Managing Director at [info@urbane.net.au](mailto:info@urbane.net.au) including your availability for an interview.

Note, applications received without a covering letter and a portfolio will not be considered. Only short-listed applicants will be contacted for an interview.
