Steve is both the design director and a registered builder; it is rare to have someone with expertise in both disciplines. Steve brings a wealth of knowledge and round, cohesive processes to make every project run seamlessly.

Open House

Modern family living is on display in this custom-designed retreat, nestled among the beautiful Jacaranda-lined streets of Applecross. This five bedroom, four bathroom home has been designed with entertaining in mind. The home is the quintessential family home; the perfect fusion of indoor/outdoor living and adaptable spaces that cater for every occasion.

Retreat strikes the perfect balance between light and dark with large windows providing ample natural light and inviting the outside in. The palette of refined textures creates a homely atmosphere providing a retreat from the hustle and bustle of everyday life. The elements have been integrated in a way that harmoniously work together in flow.

The clients allowed Urbane to have artistic freedom while designing the home resulting in our take on the perfect family home. There's a two-way level of trust between Urbane and a client and when that trust is on the table I think it creates something very special.

#humansofurbane

Introducing our brand new social media initiative Humans of Urbane. At Urbane our team are more than just amazing designers, interior designers, estimators and builders, they are family: Along with our clients, suppliers and contractors they help to create the whole Urbane culture. That's what inspired us to start #humansofurbane; to place a spotlight on all the amazing people that come through our door.

From the design stage through to working drawings Design Manager Rob Santella is Urbane's creative hub. Becoming a part of the Urbane family in 2017, Rob is the head of the design arm; turning clients' dreams into reality.

"I like having that rapport with the clients, I love coming up with details and pushing the design further. I like the human aspect of homes, I love the emotion of it, the nooks and crannies and the specific areas that people want for certain reasons. At Urbane I have the freedom to do what I think is the best for the project, no one is pulling in different directions, everyone is trying to create clients' dream homes." - Rob Santella

To see the first installment in our Humans of Urbane series and the upcoming video on Rob, subscribe to the Urbane YouTube channel.

02

Houses finished and delivered this quarter.

We are committed to working with you from conception to completion sharing your vision and aspirations, turning them into the home of your dreams. We are passionate about collaborating closely with you to ensure that your beautiful new home is not just unique, it's uniquely yours. When you choose to collaborate with Urbane you become part of our growing family and a #humanofurbane.

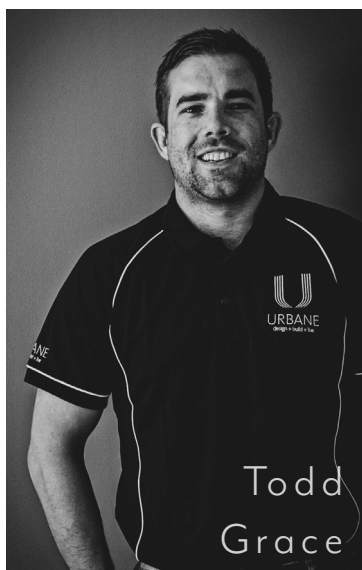

Welcome to Team Urbane

Todd Grace is Urbane's newest Contract Administrator/Scheduler. With 13 years experience in construction as an estimator and project manager Todd is the perfect addition to the Urbane family.

"I've followed Urbane on social media for a long time; they have really amazing builds, each one completely different and unique. That's what drew me here; to be a part of something really special."

We are excited to welcome Claude Romano as Urbane's Project Supervisor. A registered builder for 13 years, Claude has over 30 years experience as a luxury-home builder.

"I like attention to detail and seeing the designer's intent come true on site. The exclusivity and cutting edge design in architecture drew me to Urbane."
